## National Programme Coach Application

2020 - 2021

This season, SNZ will be holding two different camps in December. The camps will also provide excellent coach development opportunities. Coaches will be expected to assist the Head Coaches with delivering sessions as well as prepare and lead sessions themselves and to be fully engaged in every aspect of the camp programme. Duties may also include conducting interviews with athletes, reviewing athlete performance, working closely with the other coaches to plan, deliver and review the daily programmes, and there may also be opportunities to work with sports science support personnel (e.g. Bio-mechanists).

Coaches who wish to be part of the National Camp Programme should complete the attached application form and return it to the Targeted Programme Manager by 3rd October 2020 .

Priority for selection for the camps will go to coaches who are currently coaching athletes also selected for the camps, however each camp will also offer development opportunities for any other coaches who show a strong commitment to both their own professional development and to the development of the Swimming New Zealand National Programme.

Coaches will be financially supported to attend the camps with travel, accommodation and food. Daily stipends cannot be offered.

### NATIONAL DISTANCE CAMP
