About	
Greatest achievement in swimming: My greatest achievement would definitely be coming 1st in the 14 year old 800 free at NZ Short Course last year.	
Major goals for the next 2 years: Continue to improve and work hard while continuing to enjoy Swimming.	
What is your pre-race ritual? I don't really have one; I just wait and see what the day brings.	
If you could only eat one thing for the rest of your life what would it be? I'm not sure I could survive eating one food but if I had to choose it would be blueberries.	
Who or what inspires you and why? Sophie Pascoe because of her hard work and determination. And of course my teammates because we are all there for one another and push each other to our limits.	
School/University/subjects/company/position? Columba College studying Maths, English, General Science, Chemistry, Economics and Physical Education.
